

Welcome to Camden Town Hall

Our Town Hall is open again after being closed for **4** years

We've done all we can to make sure the building is as accessible as possible and better for the environment

What's new

We have a room for prayer and thought - open to all and no faiths

We've made the building more accessible with

- modern hearing induction loops

- new and updated lifts

- accessible toilets on all floors and a larger accessible toilet with extra equipment on the ground floor

- baby-changing facilities

- Blue Badge parking spaces for disabled visitors

- and new and improved technology for live streaming council meetings

The Claudia Jones Room is a new large community room on the ground floor for residents, groups and schools to book – for more information email

events@camden.gov.uk

The town hall is now one of the greenest historic buildings in Camden – it will use less energy and be cheaper to run

Weddings and civil ceremonies – there are **3** newly refurbished ceremony rooms

Council services at the town hall

Services that were based at the town hall are moving back in

To find out which services are moving back to the town hall call

020 79 74 44 44

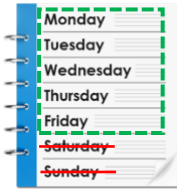

Or visit our website at

camden.gov.uk/townhall
