

Camden Safeguarding Adults Partnership Board

Camden SAPB Year 3 Delivery Plan – 2020/21

Safeguarding is everybody's business

From July 2020 to March 2021

The Board is aware that many of its partners have been responding to the Covid-19 pandemic and that this will have an impact on delivering some of what we had intended to do. With this in mind, it is acknowledged that some of what is in this delivery plan may not be possible to achieve. The Board will exercise flexibility as required as partners continue to respond to the pandemic.

ASSURE PRACTICE - make sure practice is person-centred and outcome focused

P1	Arrange the virtual Transitional Safeguarding Conference on 15 October 2020, which will aim to inform, identify and safeguard our young adults transitioning into adult services and not falling through the gap.	Working creatively with the Community safety Partnership Board and the Safeguarding Children's Partnership to find solutions about what can be done differently to stop our young adults falling through the gap in their transition to adulthood. We will interrogate the data: What do we know about our local population of older adolescents, and their potential safeguarding needs as they become young	The Board, Safeguarding Children Partnership, Community Safety Partnership Board. The Board Manager, Principal Social Worker and Data Team are on the Conference working group.	Pushing all concerned to think outside of the box on how to improve practice and break down the barriers to properly support vulnerable young adults transitioning to adult services and not falling through the gap.	

		<p>adults? How are we planning for this? We will use real life case studies to inform the agenda for the Conference. We will ensure the spotlight is on practice and involve Children social work, Youth safety taskforce findings, Adult Social Care, Police, Public Health and others. We will look at learning from SARs and DHRs (and SCRs) around how our approach to safeguarding across transitions could be improved. We will aim to ensure data, research, practice wisdom and people's lived experience is used to drive change.</p>
