

# CLDS Annual Report 2022 to 2023

Things that happened last year

Things that went well

- most people had an Annual Health Check

- **2** new supported living schemes opened at Denton and Granary Street

- we helped someone leave hospital after being there for **40 years**

- CLDS won the social work team of the year award for this work

- the Living a Good Life project is helping people find out about the things they want to do

## Things that didn't go well

- staff in CLDS were very busy so more people had to wait longer to get support

- more people in crisis had to stay at Breakaway

→ this meant more people had their short breaks cancelled

- the cost of living crisis meant more people found it hard to pay their bills

- more people died than usual

→ most of these deaths were because of chest infections

## Our goals for this year

- help more people to get a job or move towards being ready to get a job

- make sure that everyone who has an Annual Health Check also has a Health Action Plan

- help people who find it hard to pay their bills

- find out if CLDS is fair to everyone

- start work on a new care home in Camden so people don't have to stay at Breakaway for a long time

Is there anything else you want us to work on?
