

Good Work Camden Disability Job Hub

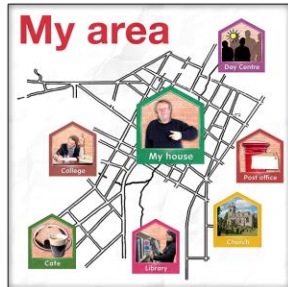

Presented by

Ellie Campbell and Julia Marcus

- We help people get a job if they live in Camden and have a disability

- We meet with residents, one to one, at different places in Camden like community centres and libraries

- What we work on with the resident depends on what kind of support they need

Confident

- These are some of the things we can help with:
 - Creating a good CV and updating your CV
 - Interview tips and help with job applications
 - Knowing what adjustments you can ask an employer for to help you complete an interview, or to do your job
 - Finding job opportunities with inclusive employers
 - Finding training courses
 - Confidence building

And more.

- Soon the Disability Job Hub will be working with another organisation to run training sessions for employers on disability awareness

- We will have a Work Ready Coach joining us who will help people with learning disabilities with things like independent travel, skills for the workplace, and more.

- We will have a Learning Disability Job Hub Advisor joining the team who will help people with learning disabilities find a job

- We are going to be setting up a Governance Board

- The Governance Board will have people with disabilities, and people who work in organisations who help people with disabilities, to make sure we are doing good work for the community

- We have many more ideas for the future and will be happy to share them with you soon
