

Sub-groups

Group Discussion introduced by the **Camden
Commissioning Team**

What has happened before?

In a review in 2017 people thought **sub-groups** would be **helpful** to have

There were **working groups** to **feedback** to Planning Together

Working groups looked at **housing, complex needs, jobs and health**

What has happened before?

It was thought that the most people in sub-groups should have a **learning disability**

They would be for a set **time** and look at projects raised at Planning Together

There should be **minimum of 5 and a maximum of 10 people** in a working group

What could sub-groups be for now?

To look at a **difficult issues** that Synergy or Camden workers can't solve on their own

To **focus** on topics e.g. health, benefits and money

To look at what we want to do in **The Big Plan**

Questions for discussion

Do we still want sub-groups?

Who will be in them and chair them?

What support might people need to attend?

What could sub-groups be for now?
