
Council Tax Reduction Scheme (2018 – 2019)

1. Background

The Local Government Finance Act 2012 amended Section 13A of the Local Government Finance Act 1992 and imposed a statutory duty on the Council to make a Council Tax Reduction Scheme specifying the reductions which are to apply to amounts of Council Tax payable, in respect of dwellings situated in its area, by: Persons whom the authority considers to be in financial need; or Persons in classes consisting of persons whom the authority considers to be, in general, in financial need.

The Council is required to design and implement its own Council Tax Reduction Scheme by 31 January to take effect from 1 April of the same year. By law each financial year the Council must consider whether to revise or replace its scheme.

When revising or replacing a scheme the Council must (in the following order): consult major precepting authorities; publish a draft scheme in such a manner as it sees fit; and consult other persons as it considers likely to have an interest in the scheme.

The enabling provisions set out in the 2012 Act allow the authority to use its discretion to design schemes for support for those not of pension age but contain requirements that certain elements must be included in all schemes. These include:

The classes of person who are to be entitled to a reduction

The reduction to which persons in each class are to be entitled; and different reductions may be set out for different classes;

The procedure by which a person may apply for a reduction

The procedure by which a person can appeal against a decision of an authority which affects the amount of any entitlement or reduction

The procedure by which a person can apply for a discretionary reduction under section 13A(1)(c)(discretionary reductions)

Such other matters as prescribed by Regulations

The Council Tax Reduction Schemes (Prescribed Requirements Scheme) (England) Regulations 2012/2885 (as amended), hereinafter called the Prescribed Requirements include:

Prescribed provisions for pensioners: the Government has said that local authorities must protect pensioners at the same level of support as the council tax benefit scheme and has prescribed a [local] scheme for pensioners with national rules that provide substantially the same outcomes as Council Tax Benefit. This means that the authority has no discretion over the method or level of support provided to pensioners and that pensioners are protected from any further reductions in the current level of support in accordance with the Prescribed Requirements.

Exclusions of those who are subject to immigration control and/or not otherwise treated as being in Great Britain:

A small number of prescribed administrative requirements

The Council must incorporate any amendments to the Prescribed Requirements into its scheme. Excluding the removal of the Family Premium for new claims and new births from April 2016. The Council must also have regard to any guidance issued by the Secretary of State.

Camden Council Council Tax Reduction Scheme (2018 – 2019)

The London Borough of Camden's Council Tax Reduction Scheme has adopted the provisions set out in the Schedule to the Council Tax Reduction Schemes (Default Scheme) (England) Regulations 2012/2886 including the amendments made by The Council Tax Reduction Schemes (Prescribed Requirements and Default Scheme) (England) (Amendment) Regulations 2012/3085 (the 'Default Scheme Regulations') subject to the further amendments set out below to reflect its local scheme for Working Age recipients. The Council will continue to adopt the provisions set out in the Schedule even if the 2012/2886 Regulations are revoked subject to the amendments summarised in Section 3 and set out below or any further amendments needed to reflect changes to the Prescribed Requirements.

The Council Tax Reduction Schemes (Default Scheme) (England) Regulations 2012 are published and can be viewed at <http://www.legislation.gov.uk/uksi/2012/2886>. The Council Tax Reduction Schemes (Prescribed Requirements and Default Scheme) (England) (Amendment) Regulations 2012/3085 are also published and can be viewed at <http://www.legislation.gov.uk/uksi/2012/3085>

For the avoidance of doubt the Council's scheme shall include the amendments to the Prescribed Requirements. Excluding the removal of the Family Premium for new claims and new births from April 2016.

There will be no change to the amount of financial support they receive as a result of this scheme being adopted. This will be called the 100% scheme

Working age claimants will have their entitlement to Council Tax Reduction calculated under the Working Age (WA) scheme.
