

# Camden Family Changemakers

Would you like to make sure families in your community get the help and support they need after COVID?

COVID is changing life for Camden families. The support families want and need is changing too.

We're looking for 20 parents or family members to take part in a Camden Family Changemakers project to design support for families after COVID.

## You can:

- design your vision for what good family help should look like after COVID
- share the views of other Camden families in your community
- hear about what family help there is in Camden during COVID
- present your ideas to Camden leaders and managers of family support services
- take part in a regular online group with other Camden parents and family members (we will provide a laptop if you need one)
- give as much or as little time as you want from 18 January 2021 to 26 March 2021 (up to 2 hours a week maximum)
- receive shopping vouchers for the hours you give, at London Living Wage rate (£10.85 per hour)

If you are a parent or family member who lives in Camden and would like to take part, please email [elaine.crouch@camden.gov.uk](mailto:elaine.crouch@camden.gov.uk) or call 020 7974 1320.

Closing date for applications: **12 January 2021**

In partnership with UAL Public Collaboration Lab
