

A Vote for Maya Lowton is a Vote for Empowering Camden's Youth!

Did you know?...

- That you have 54 additional children's rights, as well as 16 human rights?
- That you've had the legal right to express your opinions and make your voice heard for the past 28 years?
- That Camden offers Mental Health Support through their Young People's Consultation Service, but only if you are over 16?

About Me

I became a member of Camden Youth Council in 2018 to be more involved in politics and learn about the rights of young people. What I've learnt and experienced has made me feel empowered as a young person.

It is my goal for every young person in Camden to feel this way.

My Campaign

My campaign focuses on the rights and empowerment of young people in Camden, improving access to Youth Mental Health Services and providing opportunities for young people to engage with and understand their legal rights.

My Policies: Two key policies to represent you and your interests

1) To Empower Camden's Youth by creating a Student Union for young people studying in Camden, providing:

- Open Membership for every young person in Camden
- Support for your campaigns – whatever YOU are passionate about
- Legal advice – find out about your legal rights as a young person
- Representation – access to Youth Workers and other adults who can help and advise you
- Careers advice from qualified professionals.

2) To Promote Good Mental Health for Camden's Youth by:

- Launching an online platform and drop-in service for young people in Camden to empower themselves - there will also be online forums where you will be able to speak to other young people going through similar experiences and support each other
- Working collaboratively with Camden Council to provide confidential access to qualified professionals such as Youth Workers and Counsellors and create a Young People's Consultation Service for those under the age of 16.

If you vote for me, I will use my knowledge, networks and experience to make a difference for ALL young people in Camden.
