Dear Sir/Madam,

This pack is for officially **changing any forenames (first and middle names) of your child within twelve months of the birth registration.**

The form 'Certificate of name given not in baptism' can be completed by any parent recorded on the birth registration. Please complete this if you wish to change any forename(s) of your child and have no intention of baptising him/her in the first twelve months after the registration. We enclose an example of what to enter in the spaces of the form for reference.

The form 'Certificate of name given in Baptism' can be used if you wish to change any forename(s) of your child from those you registered him/her in at the register office and have given a Christian baptism to them in the first twelve months from the registration. The baptism must have been in the new names you wish your child to be known as. The vicar or minister of the church needs to complete the form. They may charge you for this. We enclose an example of a completed form for reference.

Please be advised that on full birth certificates thereafter, your child's existing name will still appear in space 2. The updated forename(s) will show in space 17 'name given after registration.' On the short certificate, only the updated forename(s) will show. Please also note that you can only change any forename(s) of your child using these forms once, never on multiple occasions. These forms do not apply if you are correcting a forename (for example, if you spelt it incorrectly at the original registration). In this case, you must apply for a correction. Space 17 amendments are only for (i) when you change your mind about your child's forename(s) or (ii) for recording baptismal name(s) which were not given at the register office on the original registration.

Please post us your completed form together with the completed section below and any cheques as payment. We will process your request within five working days.

Yours faithfully,

Camden Registration Service

Complete this section and return with completed form:

NOTICE

The Births and Deaths Registration Act 1953 provides that when a child is given a name in baptism* within 12 months after registration of birth, that name can be inserted in the birth entry if the child's birth was registered in a different name or without a name.

This certificate should be completed and signed by the Minister or person who performed the baptism or who has custody of the register in which the baptism is recorded; he will be entitled to a fee of £1.00. The certificate should then be taken to the registrar or the superintendent registrar who has custody of the register in which the child's birth was registered. The registrar or superintendent registrar will enter the new name in the space provided for it in the child's birth entry. The name or names inserted entirely supersede any name of the child already appearing in the entry.

*Baptism means the rite or ceremony of the Christian Church.
