**CHESTER ROAD
SAFE AND HEALTHY
STREETS**

We want to ensure that our streets provide a lasting legacy of greener, safer and healthier travel. Find out what we're proposing around Chester Road and share your views in the consultation.

Safe

Across Camden we want our streets to have more safe space for pedestrians and people who cycle

Open

For children to get to and from school safer and healthily

Green

For you to be breathing cleaner air and to reduce carbon emissions from vehicles

Space

For businesses to flourish

CONSULTATION NOW OPEN

CHESTER ROAD SAFE AND HEALTHY STREETS

We're proposing changes to improve the streets around Chester Road. We want to make it easier, safer, and more accessible for people walking, wheeling and using buses to travel in the area.

Our proposals include:

- Adding a disabled parking bay on Dartmouth Park Hill next to the side of Chester Road Hostel making the area more accessible.
- Adding a bus friendly continuous pavement on Chester Road at the junction with Dartmouth Park Hill. This is where the pavement continues over the road giving people priority over vehicles.
- Updating the dropped kerbs around the Chester Road Hostel to help with refuse and recycling collections. This will include taking out ones that are no longer needed and adding in one new one.
- Adding places for people to wait in the road to help people crossing at the junctions with Bramshill Gardens and Bertram Street.
- Removing a dedicated disabled parking bay outside 37 Chester Road that is no longer needed.
- Adding double yellow lines at junctions and some areas in between to improve road safety and to make travel by bus and refuse and recycling collections easier and safer.
- To make these changes we would have to make changes to parking including removing a total of 7 resident permit holders parking spaces. 5 resident permit holder parking spaces next to 41-47 Chester Road would be removed.

HOW TO HAVE YOUR SAY

CHESTER ROAD SAFE AND HEALTHY STREETS

To share your comments on our proposals contact us on the details below:

Email: transportconsultations@camden.gov.uk

Call: 020 7974 4444

Consultation closes: 20 July 2026

WHAT HAPPENS NEXT

We will make a decision on whether to go ahead with the proposals based on evidence including the consultation responses, policies, Officer observations, and other data.

It won't be possible to reply to your comments individually but all responses will be considered. Once the consultation closes we will look at all the responses and make changes to the proposals if needed. We will then write a report with recommendations for the Director of Environment and Sustainability who will make the final decision.

If approved, we will write to you again to update you on the decision.

SEE THE CHANGES

The drawings on the next page may also help you understand how the proposals would look although the final project might look slightly different.

If you'd prefer and of this information in any other format (like large print or another language) contact us on the details above.

HEALTHY TRAVEL CHOICES

Explore the free and discounted travel offers available to Camden residents, designed to make it easier to get around and try new ways of travelling.

Free cycle training for adults and children

Whatever your age or experience level, we can help you build the skills and confidence to enjoy cycling safely with our group courses and one-to-one training.

Borrow a bike

We offer discounted bike loans to Camden residents. Choose a bike from our partners Peddle UK, hire it for as long as you need, and get money off if you decide to buy.

Borrow a Brompton

Borrow a Brompton foldable bike for free for up to four weeks for free. Ideal for storing in tight spaces or taking on public transport.

Earn points for sustainable activities like cycling or walking

Create a free Camden Eco Points account and earn points by logging your activities for the chance to win monthly prizes.

Free bike checks

Get your tyres, breaks and gears checked at our public Dr Bike surgeries. Coming to local festivals this summer!

Join the Cargo Collective!

Come to our free events to chat to local parents about their real-life experiences with cargo bikes.
