Background & Purpose

What is the Project Framework?

The Project Framework has been developed from the ideas suggested during engagement is summer 2025. We've also added projects from Camden services and partners so that all projects, including the ones that are planned or already underway, for Camden Town have been brought together in one place.

Having them all in one place means we can share the Project Framework with people who live in, work in and visit Camden Town. This allows us to understand how all the projects and project ideas work together, so that we can coordinate and collaborate for the benefit of Camden Town and its communities as a whole.

Through the consultation, where we will be asking you which project ideas you want us to prioritise, we will be able to start working together to develop and deliver some of the project ideas too. It is an exciting opportunity to build on what is happening already and help shape the future of Camden Town.

Given the challenging financial environment, the Project Framework also allows us to work with existing funding streams such as S106 Contributions and the Community Infrastructure Levy. The Project Framework can play a significant role in identifying gaps in resourcing too. It can bring together public and private sectors to unlock funding and support the development and delivery of projects that meet the Vision's aspirations.

The Project Framework is not intended to be a static document but will provide a framework and focus for the delivery of projects that will meet the Camden Town Vision's aspirations - putting the Vision into action.

Why have we developed it?

Given the significance of Camden Town, we think it is important to produce a comprehensive delivery plan for Camden Town. This will help us guide investment to meet the aspirations of the Camden Town Vision. We have been working with key Council services and stakeholders to make sure the Project Framework is a complete picture of what is happening in Camden Town.

How will it be used?

The Vision's success will depend on genuine collaboration, partnership working, joined-up planning, community participation, and transparent delivery. We believe that this is an opportunity to address the issues that are facing Camden Town, and leverage its opportunities. Once this document evolves into a Delivery Plan, it will also be used to monitor the delivery of the strategic Vision for Camden Town.

How does it relate to the themes and aspirations of the Camden Town Vision?

Camden Town is a complex place, and the Vision covers a wide area with variety of communities, built form and functions. The Project Framework sets out a list of projects by theme and defines the projects we may want to include in the Delivery Plan. The area-based maps in the draft Vision document highlight the relevant projects in those areas and the delivery section highlights the priority projects. Both of these are included under the relevant theme in this document.

Working collaboratively to refine the Project Framework is key. For the project ideas, we have included a list of potential

Guidance for delivery

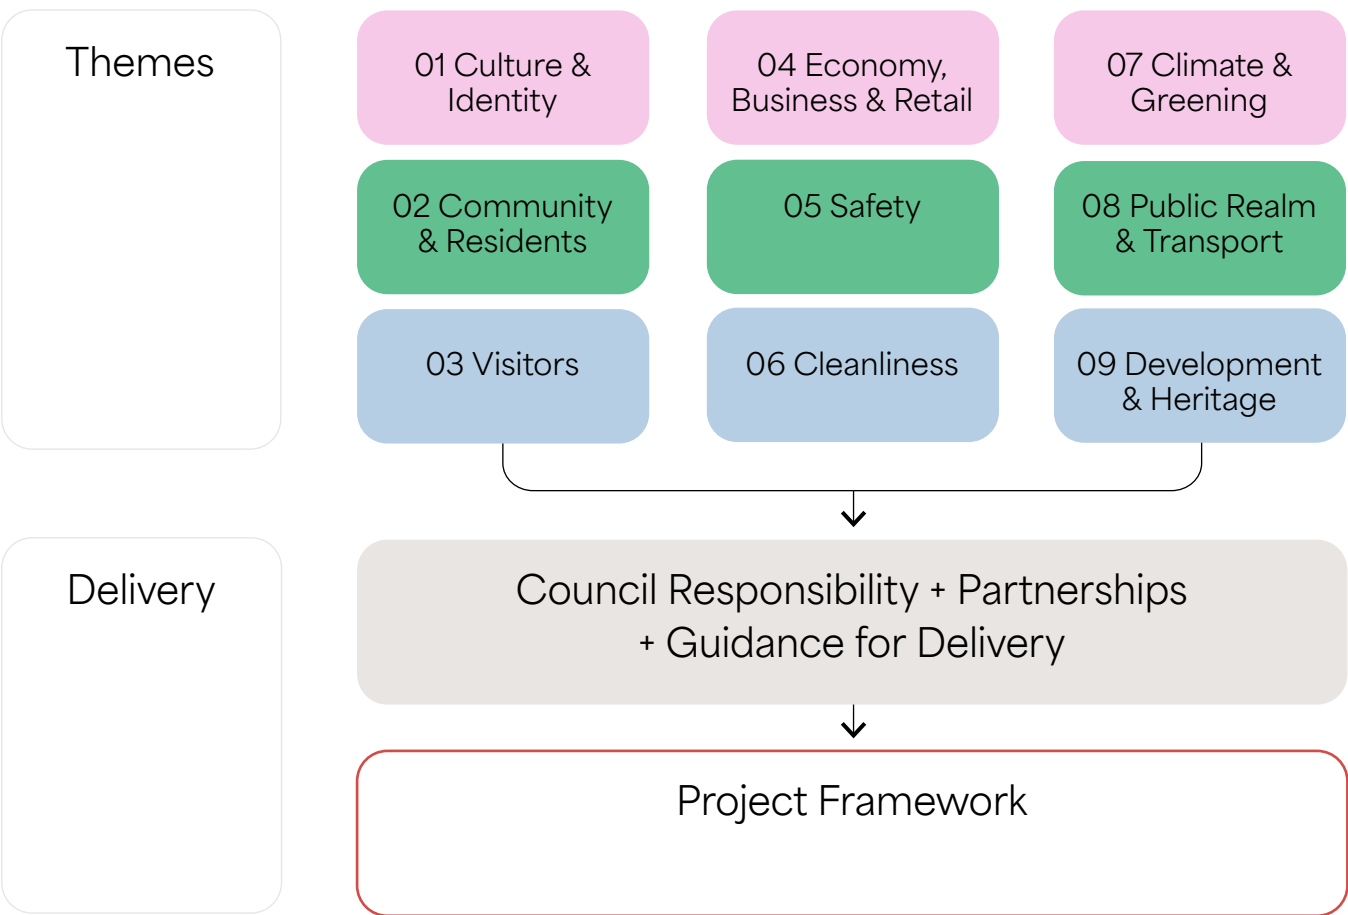

As part of the development of the Camden Town Vision, we have drafted guidance for delivery to ensure that collaboration and partnership working is embedded in how we work towards the Vision's aspirations. This guidance is included in the delivery section of the draft Camden Town Vision document.

From the engagement, we understand that participation and transparent communication are key to delivering the Vision. The guidance for delivery sets out how we want to approach working with partners and communities in order to reach the aspirations of the Vision.

partners that may be involved in the development and delivery of the project ideas. We have put what we think might be the lead organisation first. As part of the consultation, we look forward to working with stakeholders and potential partners to understand how they want to be involved in delivering the projects in the Delivery Plan.

Projects that are ongoing and planned, and have been developed in more detail, include a timescale and a list of organisations and stakeholders that share responsibility and are partners in delivery. The timescales include:

- Short: 0-2 years
- Medium: 2-5 years
- Long: 5+ years

01 – Culture & Identity

The Living Stage – Camden Town creates

Protect what’s iconic, nurture what’s emerging –
a culture made by its people, not only for them

	Planned Projects	Description	Timescale	Responsibility & Partners
C.P1	Creative affordable workspaces	Through the delivery of the Affordable Workspace Strategy and s106 contributions, provide affordable and flexible creative spaces to support artists in creative production, including in vacant properties as meanwhile uses	Medium	Camden Council; Camden Collective; Landowners; Developers

	Project Ideas	Description	Potential Partners
C.P2★	Camden Town Music Heritage Zone	Work with partners to create a Music Heritage Zone in Camden Town	Camden Council; Cultural & Creative Organisations; Music Venues; CTU
C.P3	Culture in the public realm and local commissioning	Ensure that culture informs and is integrated into the design of the public realm and public art by working collaboratively with cultural organisations to deliver public realm improvements and to commission, provide opportunities and economic benefits for artist organisations	Camden Council; Local Artist Organisations; CTU; Canal & Rivers Trust
C.P4	Broader venue programming	Build on ongoing work focussed on diversifying Camden Town’s evening and night-time offer by working with partner venues to deliver bespoke events with broader programming that encourages intergenerational audiences and participation	Camden Council; Music Venues; Evening & Night-time Venues; Local Community Organisations
C.P5	Outdoor multi-generational events	Develop outdoor events to celebrate Camden Town’s communities and residents in line with identifying and creating activation zones (C.P6)	Camden Council; Local Community Organisations; Local Businesses; Music Venues
C.P6	Activation zones	Work with partners, traders and private market stakeholders to identify and develop activation zones that are designed to support cultural events, activities and pop-ups	Camden Council; CTU; Camden Town Police; LabTech; Market Traders; Businesses
C.P7	Retaining cultural assets	Investigate the development of a cultural retention policy that protects and enhances cultural venues	Camden Council

★ Priority project as featured in the Camden Town Vision consultation draft

01 – Culture & Identity

The Living Stage – Camden Town creates

	Project Ideas	Description	Potential Partners
C.P8	Participative archiving and storytelling	Support and enable communities to develop participative archiving and storytelling approaches, including digital, that empower communities as heritage custodians	Camden Council; Conservation Area Advisory Committees; Local Community Organisations
C.P9	A growing Camden Artist Network	Encourage Camden Town artists and cultural partners to join the Camden Artist Network and host an annual networking event in Camden Town	Camden Council; Local Artist Organisations; Music Venues; Cultural & Creative Organisations; CTU
C.P10	Training new creative entrepreneurs	Deliver a start up programme to train creative entrepreneurs based in and around Camden Town	Camden Council; CTU; LabTech; Cultural & Creative Organisations
C.P11	Youth creatives	Support the delivery of a young creatives grant programme through youth-led organisations in Camden Town	Youth Organisations; Cultural & Creative Organisations; Camden Council
C.P12	Busking in Camden Town	Review busking policy to encourage participation in annual International Busking Day, ensuring that it is safe and contributes to cultural life in Camden Town	Camden Council; Camden Town Police Team; LabTech; CTU

02 – Community & Residents

Made to stay

A Camden Town that strengthens connections, tackles isolation and provides more affordable housing to keep its communities rooted and thriving

	Planned Projects	Description	Timescale	Responsibility & Partners
R.P1	Working with community organisations	Continue working in partnership with community, voluntary and multifaith organisations to support local communities and vulnerable residents	Ongoing	Camden Council; Local Community Organisations; Voluntary and Multifaith Organisations

	Project Ideas	Description	Potential Partners
R.P2	Addressing homelessness through culture	Create and strengthen links between creative & cultural initiatives and support available for people experiencing homelessness & rough sleeping	Camden Council; Greenland Hub; Streetlink; Canal & Rivers Trust
R.P3	Community connectors	Expand Community Champions into Camden Town to strengthen grassroots links and expand Community Festival Grants	Camden Council; Residents; Tenants & Residents Associations
R.P4	Intergenerational focus	Support affordable intergenerational programming, including volunteering, through supporting and investing into existing community organisations	Local Community Organisations; Tenants & Residents Associations; Camden Council
R.P5	Creative youth expression	Encourage and support affordable Youth Centres, expand Youth Infrastructure and support Youth-Led Public Art and creative expression projects, such as artwork that can be showcased in community and youth spaces	Camden Council; Young Camden Foundation; Youth Organisations; Local Community Organisations; Canal & Rivers Trust
R.P6	Opportunities for play	Explore opportunities to introduce informal play in the public realm close to child and youth infrastructure, like parks, schools & community spaces	Camden Council; Local Community Organisations

03 – Visitors

Welcome, not overwhelm

A Camden Town that is shaped by all with a genuine welcome where visitors add energy, not pressure, to Camden Town life

	Project Ideas	Description	Potential Partners
V.P1 ★	Visitor management	Consider developing a borough-wide Tourism Strategy with a focus on Camden Town as an iconic visitor destination, including potentially introducing overnight stay levies to manage and accommodate visitors, digital wayfinding and signage, informed by a visitor study that explores opportunities for leisure and hotel sectors	Camden Council; CTU; LabTech
V.P2 ★	Camden Market masterplan	Support LabTech in developing a masterplan for Camden Market, encompassing Camden Lock and Stables Markets, and Hawley Wharf, that considers new employment opportunities, a more broad and diverse offer (including cultural, evening and night-time, and family-friendly offers), improved wayfinding and enhanced local connections	LabTech; Camden Council
V.P3	Visitor hub	Explore the potential for a well located, welcoming and well designed visitor hub with 24 hour resourcing to help manage visitors and local information and experiences	Camden Council; CTU; Camden Town Police Team
V.P4	Camden Town place brand	Work with local artists, creative organisations and partners to develop a culture-led place brand to promote Camden Town as a cultural and creative destination and attract independent businesses	Camden Council; LabTech; Local Artist Organisations; Cultural & Creative Organisations

04 – Economy, Business & Retail

Made in Camden Town

Strengthen the local economy through creative production and sustainable businesses

	Planned Projects	Description	Timescale	Responsibility & Partners
E.P1	Tackle illegal sub-letting	Identify potential enforcement options to address the illegal sub-letting of units in Camden Town	Short	Camden Council
E.P2	Office refurbishment grants	Publicise and support grants for businesses to improve their energy performance and attractiveness to existing and potential occupiers	Medium	Camden Council; CTU; Places for London; Businesses

	Project Ideas	Description	Potential Partners
E.P3	Vacant unit occupation and meanwhile uses	Work with landowners to support the activation of vacant units through a Camden Town meanwhile use strategy, working with partners to develop a support scheme to enable small businesses to grow into vacant high street units	Camden Council; CTU; LabTech; Places for London
E.P4	Camden Town Local Economy Charter	In line with the emerging Growth Strategy, develop a Camden Town Local Economy Charter to balance commercial growth with community wealth building and support for the everyday economy	Camden Council; CTU; LabTech
E.P5	Bespoke market strategies	Building on the emerging Market & Street Trading Strategy, enhance Inverness and Plender Street Markets to improve their success, sustainability, environmental health impact and offer through bespoke public realm strategies, that consider layout, power points and storage	Camden Council; Market Traders
E.P6	Youth Enterprise	Through Camden Future Talent, work with employers to establish a Camden Town Youth Enterprise Programme and deliver Enterprise Hubs with mentoring and apprenticeships to develop creative skills, promote youth entrepreneurship and work experience opportunities for young people	Camden Council; CTU; Cultural & Creative Organisations
E.P7	Workspace protection	Review planning guidance that identifies areas where workspaces and affordable workspaces are promoted and encouraged to support office and workspace in Camden Town	Camden Council; CTU
E.P8	Sustainable Leaseholders	Review the use of licensing conditions and leaseholder agreements to support more sustainable, healthier and more resilient operators	Camden Council

05 – Safety

Safety through belonging

Design for care, light, and shared presence rather than enforcement alone

	Planned Projects	Description	Timescale	Responsibility & Partners
S.P1	Safer communities	Use the expanded resources through the new Camden Town Team to work with communities to make them feel and be safer	Short	Camden Council; Camden Town Police Team; CTU; LabTech; Canal & River Trust
S.P2 ★	Operation Poros	Support the delivery of Operation Poros, a targeted policing project that provides a partnership-led approach to addressing violence in high-risk locations, funded by the Home Office through the Knife Crime Concentration Fund	Ongoing	Camden Town Police Team; Camden Council
S.P3	Camden Town recovery hub	Enhance the success of the new Camden Safety Bus through partnership working to help people stay safe at night	Short	Camden Council; CTU; Camden Town Police Team; LabTech
S.P4	Tackling illegal trade in Camden Town	Support ongoing partnership work and enforcement against the trading of counterfeit goods in Camden Town	Ongoing	Camden Council; Metropolitan Police Service

	Project Ideas	Description	Potential Partners
S.P5	Camden Town Nights	Develop joined-up working with the Camden Town Police Team, licensees, and Camden Council to jointly task resources at night, using a framework like the Purple Flag accreditation	Camden Council; Camden Town Police Team; CTU; TfL; Evening & Night-time Venues
S.P6	Safe and legible entrances	Improve safety at key arrival points and entrances of landmarks like Regent’s Canal, Camden Markets, stations and cultural institutions, like the Roundhouse and KOKO, through lighting, active security presence, CCTV visibility, and better crowd management	Camden Council; CTU; LabTech; TfL; Camden Town Police Team; Evening & Night-time Venues
S.P7	Trust building between young people and police	Engage with young people and work with partners, including schools, to explore interventions to support mediation and trust building with the police	Camden Council; Camden Town Police Team; Local Schools; Youth Organisations
S.P8	Use of CCTV	Support a more proactive use of Camden Town’s CCTV and CBAT radio system to enable the CCTV Control Centre to communicate issues and risks in real time to react quickly and support the safety of vulnerable people	Camden Council; CTU; LabTech; TfL; Camden Town Police Team; Evening & Night-time Venues
S.P9	Deterring crime through police support	Explore opportunities to fund police support officers to act as a deterrent against crime and anti-social behaviour in Camden Town	Camden Council; Camden Town Police Team; CTU

06– Cleanliness

Care made visible

Cleanliness as care, and streets, parks, and canals
that reflect how much Camden Town values itself and its people

	Planned Projects	Description	Timescale	Responsibility & Partners
CL.P1	Responsive waste collections	Review waste collection, including time banded collections, waste presentation, recycling and return schemes, and litter bin design and provision	Short	Camden Council; CTU
CL.P2★	Removal of defunct street furniture and clutter	Work actively to declutter streets by removing defunct street furniture and working with operators to remove phone boxes that are no longer in use	Ongoing	Camden Council; TfL

	Project Ideas	Description	Potential Partners
CL.P3	Responsive cleaning strategy	Explore responsive cleaning approaches that maintain public realm standards and prioritise high footfall areas, and night-time and event periods	Camden Council; CTU; LabTech
CL.P4	Park maintenance	Improve park maintenance and explore opportunities for park stewardship through “Friends of” and community groups	Camden Council; “Friends of” groups in Camden Town; Keep Britain Tidy
CL.P5	Clean up Camden Town volunteer network	Support a “Camden Town Cares” Volunteer Network for clean-ups with local communities and businesses	Camden Council; Conservation Area Advisory Committees; Tenants & Residents Associations; CTU; Local Community Organisations
CL.P6	Decluttering the public realm around the canal basin and lock	Work in partnership to declutter the public realm around canal basin at Camden Lock Market and around Hampstead Road Lock to make the area feel more welcoming and accessible	LabTech; Camden Council; Conservation Area Advisory Committees; Canal & Rivers Trust
CL.P7	Supporting businesses to manage waste well	Support businesses to better manage their waste and secure provision that works well for them and keeps Camden Town clean	Camden Council; CTU; Local Businesses

★ Priority project as featured in the Camden Town Vision consultation draft

07 – Climate & Greening

A sustainable green thread

Stitch together a network of sustainable measures, trees, pocket parks, and canal routes as a visible green spine in Camden Town

	Project Ideas	Description	Potential Partners
G.P1	Green network	Support the development of a Green Infrastructure Strategy by bringing together green spaces and creating a network of pocket parks and green corridors, to improve biodiversity and contribute to flood mitigation	Camden Council; Local Community Organisations; CTU
G.P2	Experimental greening that works for Camden Town	Develop a bespoke and experimental greening strategy for Camden Town, including Regent’s Canal, that includes canopy cover, the re-use of materials, ecological impact and resilience, and that supports air quality through helping pollution dispersal	Camden Council; CTU, Canal & Rivers Trust
G.P3	Safe and healthy green street network	Create a network of healthy and quieter streets in Camden Town to protect specific areas from noise and air quality impacts	Camden Council; TfL
G.P4	Intergenerational greening	Support community greening and intergenerational planting activities, like food growing, in underutilised spaces through Camden’s Estates Mission work and with community organisations	Camden Council; Local Community Organisations; Tenants & Residents Associations
G.P5	Enhanced green spaces offer	Explore the types of clean and sustainable uses that could be introduced to enhance and diversify the offer of existing green spaces	Camden Council; Local Community Organisations
G.P6	Business and air quality	Support landowners and occupiers to refurbish commercial kitchens and replace gas appliances with electric, including in Camden Town’s markets	Camden Council; CTU; Labtech; Market Traders
G.P7	Warm and cool spaces	Build on existing work and initiatives that support the growing network of warm and cool spaces in Camden Town by developing a strategy including through building refurbishments and development, to increase climate resilience	Camden Council; Local Community Organisations; Landowners; Developers
G.P8	Heat Networks	Connect new developments to heat networks, utilising Potential Waste Heat Supply Sites	Camden Council
G.P9	Canal greening & biodiversity	Work with partners to enhance greening and biodiversity on the canalside and within Regent’s Canal, including exploring greening the spaces between the abutments along the canal opposite Shirley House	Camden Council; Canal & Rivers Trust; Local Community Organisations

07 – Climate & Greening

A sustainable green thread

	Project Ideas	Description	Potential Partners
G.P10	Castlehaven enhanced routes	Work with Castlehaven Community Association to improve connections to and movement through the Castlehaven Open Space by creating safe, active and visible routes, and improving nearby crossing points	Camden Council; Local Castlehaven Community Association
G.P11	Flood mitigation at Hawley Crescent	Increase greening at the junction of Camden Road and Hawley Crescent to help alleviate flooding issues	Camden Council
G.P12	St Martin’s Gardens enhancement	Support connections with nature, heritage and play by improving St Martin’s Gardens’ entrance areas, lighting, waste management, accessibility, play facilities and nearby crossing points	Camden Council; Conservation Advisory Committees; Local Schools
G.P13	A safe and welcoming Regent’s Canal	Publicise appropriate use for the Regent’s Canal as a safe and welcoming space to be, and work with landowners and developers to improve access to the canal towpath	Camden Council; Canal & Rivers Trust; Landowners; Developers

08 – Public Realm & Transport

A place to breathe

Introduce shaded squares, green courtyards, and calm, accessible walking, wheeling and cycling routes to balance Camden Town's energy

	Planned Projects	Description	Timescale	Responsibility & Partners
T.P1 ★	Deliver enhanced pedestrianisation	Subject to consultation, consider making the trial pedestrianisation of Camden High Street permanent and a potential expansion to the Castlehaven Road junction, including part of Jamestown Road, balancing access, servicing, and safety needs	Short - Medium	Camden Council; TfL; Places for London
T.P2 ★	Camden High Street South scheme	Support TfL improvements to Camden High Street South, encouraging a green high street with wider pavements, opportunities for seating and meeting points, shade and street art, and including alleyway improvements as part of the scheme (T.P3)	Short - Medium	TfL; Camden Council; CTU
T.P3	Alleyway improvements	As part of TfL's Camden High Street scheme (T.P2), work with partners to improve and make safer Camden Town's alleyways through lighting, greening, increased activation, better sightlines and overlooking, such as Miller Street and Underhill Passage	Short - Medium	TfL; Camden Council; CTU; Tenants and Residents Associations
T.P4	Cross Camden Cycleway	Create an east-west cycle connection through Camden Town by supporting the delivery of the Cross Camden Cycleway, subject to consultation	Medium	Camden Council; TfL
T.P5	Make An Entrance	Enhance the public realm and wayfinding around entry points to Camden Town, such as supporting CTU's Make an Entrance Project	Medium	CTU; Camden Council; TfL
T.P6	Access to toilets	Support the delivery of the emerging Toilet Strategy to meet the needs of Camden Town users, including the provision of inclusive and accessible public toilets	Medium	Camden Council
T.P7	Supporting the Stephenson Walk	Ensure that current and planned development in Camden Goods Yard supports the delivery of the Stephenson Walk, forming a north-south connection along the railway between Regent's Canal and Regent's Park Road Bridge	Long	Railway Heritage Trust; Camden Council; Landowners; Network Rail; Canal & Rivers Trust
T.P8	Improved streets towards Euston	Support Euston Safe and Healthy Streets projects to improve the public realm on Eversholt Street, Hampstead Road and Harrington Square, enhancing connections, access and crossings points, including improved access to Harrington Square Gardens	Long	Camden Council; TfL; Greater London House

★ Priority project as featured in the Camden Town Vision consultation draft

08 – Public Realm & Transport

A place to breathe

	Planned Projects	Description	Timescale	Responsibility & Partners
T.P9	Healthy School Streets	Support the continued borough roll out of Healthy School Streets, such as the trial at the Cavendish School and on Pratt Street outside of Our Lady's R C school	Short	Camden Council; TfL
T.P10	Bus Priority Measures	Support the continued roll out of bus priority measures to improve bus journey time reliability in Camden Town, such as the trial on Parkway	Medium	Camden Council; TfL

	Project Ideas	Description	Potential Partners
T.P11 ★	Camden Town Station upgrade	Support TfL in coming forward with ambitious, feasible and viable solutions to increase capacity, relieve congestion, create step-free access and a new entrance in an enhanced public realm	TfL; Places for London; Camden Council
T.P12	Mornington Crescent improvements	Enhance the public realm at Cobden Junction, outside Mornington Crescent Station and outside the Crowndale Centre through greening, public art, street furniture and local area maps, connecting to local culture and creativity	Camden Council; TfL; Cultural & Creative Organisations; Music Venues
T.P13	Enhanced cycle routes	Support projects that improve cycle safety and inclusivity in Camden Town, such as linking safe cycling between Arlington Road to Chalk Farm Road, including opportunities for greening and public realm enhancement	Camden Council; TfL; Canal & Rivers Trust
T.P14	Seating	Work in partnership to deliver seating along key routes and carve out public squares for moments to dwell and connect in Camden Town	Camden Council; TfL; CTU; Places for London; Canal & Rivers Trust
T.P15	Accessible and inclusive routes	Design and publicise safe and healthy routes that are accessible and inclusive, including an inclusive station upgrade and accessible transport links, including making bus stops accessible and exploring the potential for new bus stops	Camden Council; Disability & Inclusion Organisations; TfL
T.P16	Free activities in the public realm	Introduce new free-to-use activities in the public realm like gyms, sports equipment and play space	Camden Council; Local Community Organisations
T.P17	Water fountains	Explore increasing the number of water fountains in public spaces to support heat resilience and reduce waste	Camden Council; CTU; TfL; GLA
T.P18	Sustainable servicing and deliveries	Implement a targeted servicing and delivery strategy to manage loading and servicing, including the design of sustainable delivery points	Camden Council; TfL; CTU; Businesses

08 – Public Realm & Transport

A place to breathe

	Project Ideas	Description	Potential Partners
T.P19	Connections to kentish Town	Increase greening on Buck Street and create new public realm to better connect to Kentish Town Road from Camden High Street	Camden Council; CTU; Places for London
T.P20	Camden Road Station Link	Build on the success of recent improvements, such as the new zebra crossing on Kentish Town Road and signalised crossing on Camden Street, to enhance the public realm along Camden Gardens and Kentish Town Road near Hawley Wharf, creating a better route between Camden Road Station and Camden Markets	Camden Council; LabTech
T.P21	Market zones	Strengthen links between market zones and surrounding streets through wayfinding, signage and branding to improve accessibility and navigability, while maintaining the markets' distinct identities	Camden Council; LabTech; CTU
T.P22	Highlighting alternative routes to stations	Help direct visitors to Chalk Farm, Mornington Crescent and Camden Road Stations, especially during peak times, through signage and communication to support the use of different stations	Camden Council; TfL; British Transport Police; CTU
T.P23	Links to Regent's Park & London Zoo	Enhance routes from Camden Town to Regent's Park and London Zoo through wayfinding, signage and public realm improvements	Camden Council; London Zoo
T.P24	Junction improvements	Improve junctions to create green, safer and more accessible crossings for cyclists and pedestrians in key locations, such as the junction between Parkway and Delancey Street, and junctions along Arlington Road	Camden Council
T.P25	Albert Street improvements	Explore consolidating parking to create a new public realm at the junction of Albert Street and Parkway	Camden Council
T.P26	Public realm enhancement outside Our Lady's R C	Improve the public realm outside Our Lady's R C School and All Saints along Camden Street to connect better to the streetscape and across the road to St Martin's Gardens	Camden Council; Our Lady's RC; All Saints; TfL
T.P27	Bayham Street improvements	Enhance the public realm on Bayham Street to improve access and routes to bus stops, space to wait and support pedestrian movement	Camden Council; TfL
T.P28	Shared Transport Accessibility	Support improvements to Camden Town's shared transport accessibility levels, especially considering evening and night-time travel requirements of users	Camden Council; TfL

09 – Development & Heritage

Built for Camden Town

Sustainable development that contributes to Camden Town’s unique cultural and local identity, and strengthens its sense of community

	Planned Projects	Description	Timescale	Responsibility & Partners
D.P1	Child and youth-friendly placemaking	Work with community groups to embed child and youth-friendly placemaking in development and regeneration projects	Medium	Camden Council; Local Community Organisations; Canal & Rivers Trust

	Project Ideas	Description	Potential Partners
D.P2	Community-led housing schemes	Actively support and promote Council-led and community-led housing delivery, including exploring activating vacant properties for use as homes via leasing or partnerships	Camden Council
D.P3	Mixed-use masterplans	Work with landowners to encourage partnership working with communities and the Council to develop high quality mixed use masterplans for key development sites that enhance and diversify the local offer and support cultural and creative uses	Camden Council; Places for London; LabTech
D.P4	Character-led design guidance	Investigate the need for character led guidance, including the potential of intensification alongside a review of Camden Town’s Conservation Area Appraisals	Camden Council; Conservation Area Advisory Committees
D.P5	Shopfront improvements	Develop guidance on the removal or redesign of shutters and shopfront improvements in the Town Centre to enhance frontages and maintain lively streets even when shops are closed	Camden Council; Conservation Area Advisory Committees
D.P6	Activating arches	Expand on existing work with partners to activate empty units under railway arches, especially beside Castlehaven Open Space, through the Future Camden Fund, encouraging uses that open up and activate the arches	Camden Council; Network Rail
D.P7	Community heritage grants	Support communities in accessing heritage grants for community-led heritage projects	Camden Council
D.P8	Canal-side development	Encourage development along Regent’s Canal that improves safety and lighting along the tow path through passive surveillance and the creation of canal moorings	Camden Council; Landowners; Developers; Canal & Rivers Trust
