

8 July
2026

This meeting was held at Greenwood

Welcome and introductions

The co-chairs **Jon** and **Sandy** welcomed everyone to the meeting

You said we did

There is a presentation on the [Planning Together website](#)

CLDS updates

There is a presentation on the [Planning Together website](#)

People are worried about how hospitals tell patients when appointments are cancelled

Camden wants to be involved in work with the new **Integrated Care Board (ICB)**

The new **ICB** works across **13** boroughs

We do not yet know what the new ICB will look like

Camden is going to meetings with the ICB

Camden can ask for carers to be involved

Community safety

There is a presentation on the
[Planning Together website](#)

Someone suggested talking about **Ask for Angela** at a future meeting

This training helps places that serve alcohol to be safe, friendly and welcoming

People can ask for help if they feel uncomfortable

If you report a community safety problem through **Contact Camden**, it goes to the **Anti-Social Behaviour Team**

The team decides who can help and then contacts you - they may take up to **7** days but it is often sooner

The team does not deal with emergencies - if it is urgent, call the police

Sometimes the police visit a home and see something worrying such as no food in the fridge

They can write a **Merlin** report - this tells another team to check if support is needed

Online Bystander Training

The group talked about **Bystander Training** from the **Suzy Lamplugh Trust**

The training may need to be made easier for people with learning disabilities and carers

*Action

CLDS and the Community Safety Team will look at how to make Bystander Training more accessible

Mate crime

There is a presentation on the
[Planning Together website](#)

Mate crime is when someone pretends to be your friend to take advantage of you

A real friend spends time with you because they like you, not because you have money or things to give them

It is important to stay safe and still enjoy your life

Synergy

There is a presentation on the
[Planning Together website](#)

Love Camden

There is a presentation on the
[Planning Together website](#)

The group heard about the **Love Camden Arts and Culture Plan**

You can find local events and information on the
Love Camden website at
www.lovecamden.org/

The team also gives out leaflets about events near where people live

People can share their stories and memories on the Camden People's Museum website at www.camdenpeoplesmuseum.org/

The team wants events to happen across Camden - they will focus next on Kilburn and Euston

Community groups can apply for money to run festivals and events

More information is on the Community Festival Grants page at www.lovecamden.org/spotlight/community-festival-funding

People can ask for reasonable adjustments when they apply

Planning Together members can think of an event and apply for a grant

Small group discussions

More information can be found on the [Planning Together website](#)

Feeling safe

People need clear information about safe relationships and friendships

Services should work together to help people stay safe

People should know who they can talk to if they are worried

Safeguarding information should be easy to understand and use simple words

People should get support and information about staying safe from a young age

Being independent

Feeling safe can help people to be more independent

Being independent means different things to different people

Some people may need support from others

Good information about transport and community safety can help people feel more confident and connected to their community

*Action

Include work with Transport for London (TfL) in the Big Plan

*Action

Invite TfL to a future Planning Together meeting

At home and feeling welcome

People should feel safe and welcome where they live

They need to know who to contact in an emergency

People should have safe and secure homes

Services should work together to share information and offer activities

This can help people feel part of their community

Working together and sharing information

Organisations should work together and share information clearly

Information should be available in different easy read formats such as letters, posters and texts

This helps more people stay informed and involved

Topics for future meetings

- planning for times when people need more care and emergencies

- Better Gym classes that include everyone

- what helps people go to fitness classes and what stops them

- death and dying

- questions about less money for social care and what it means for the Big Plan

- Direct Payments difficulties

Next Planning Together meeting

The next Planning Together meeting will be
on **Wednesday 30 September 2026**

at **10am**

The meeting will be at **Greenwood**
